## SUMMARY

**Mobile-Development** Intern at Crimsons System with experience in building **Android** and **web applications** using **React Native**, **Redux**, and **REST APIs**. Contributed to live projects by implementing real-time communication, secure payments, and scalable mobile solutions. Also developed responsive web interfaces in **React.js** with modern design practices, ensuring clean UI and optimized performance.

---

## TECHNICAL STACK

**Languages:** JavaScript, Node.js

**Framework:** React, React Native, Redux, Expo, ExpressJS, NextJS

**Technologies & Tools:** Git, Github, Firebase, Postman, REST APIs

---

## WORK EXPERIENCE

**MechBuddy, Jabalpur | Oct 2025 - Present**  
**Android & Web Development Intern**

- Worked on the **website using React.js** and built **interactive UI/front-end components**.
- Assisted in designing and implementing **responsive user interfaces**.

**Crimsons System, Jabalpur | Jan 2025 – Sept 2025**  
**Android & Web Development Intern**

- **Millet Kitchen Food App (React Native)** – Built a food ordering application with cart management (**Context API**), **Razorpay** integration, and interactive UI for browsing menus, placing orders, and tracking deliveries.
  - **Astrologer Consultation App (React Native + Redux)** – Developed a cross-platform app enabling astrologer–client interaction with **chat**, **voice**, and **video calling (WebRTC)** and robust state management via **Redux**.
  - **Acads Learning App (React Native + Redux)** – Developed an e-learning platform enabling interactive mentor–student sessions with integrated **chat** and **video calling**, optimized through a scalable Redux store to support multiple users simultaneously.
  - **CreoSmart LMS (React Native)** – Designed a learning management system with course listings, user progress tracking, and assessment features to provide a smooth learning experience.
  - **Raksha School Website (React.js)** – Delivered a responsive, SEO-friendly website with performance optimization and cross-browser support using **React.js** and **Bootstrap**.
-
